1st National Seminar on Innovation and Artificial Intelligence in Computational Process and Chemical Engineering for Green Applications

I-AICPCGE'2026- Medea

On Mai 06th,2026

Honorary Chair

Pr. Djaafar Bouarouri
(Rector of University).

General Chair

Pr. Mourad Bachene
(Dean of faulty of technology).

Conference Chairs

Pr. Soufiane Rahal & Pr. Maamar Laidi.

Co-Chairs

Dr. Karmet Said & Dr. Mohamed Hentabli

Objective

The objective of this seminar is to bring together researchers, academics, and professionals to exchange knowledge and recent advancements in the fields of process and chemical engineering enhanced by artificial intelligence and computational innovation. It aims to highlight the pivotal role of AI in optimizing industrial processes, promoting green technologies, and supporting environmental sustainability. Through scientific presentations and discussions, the event will foster collaboration, innovation, and the development of intelligent, eco-friendly solutions that address current and future challenges in the chemical and process industries while advancing the transition toward sustainable and smart engineering practices.

Language

Arabic & French & English

Important Dates

Deadline of Submission : April 15, 2026
Notification of Acceptance: April 26, 2026
General Program: Mai 01, 2026

Event May 06, 2026

Scientific Tracks

Track 1

Artificial Intelligence and Machine Learning in Chemical and Process Engineering.

Track 2

Computational Modeling and Simulation for Sustainable Processes.

Track 3

Chemical Engineering, Green Chemistry and Eco-Friendly Technologies.

Track 4

Environmental Monitoring and Pollution Control.

Track 5

Hydrogen Production and Renewable Energy

Registration Fees
